

Soul is an artisan Cachaça that is all-natural with no additives or preservatives and is a 100% gluten-free made from fresh Brazilian sugarcane. Soul Premium Cachaça has been recognized time after time for being a superior and premium quality Cachaça. Soul has received a 93 out of 100 Point Rating from The Tasting Panel Magazine, "Double Gold Medal" from The NY World Wine & Spirits Competition, "Cachaça of the Year" from The NY International Spirits Competition, and many more.

Under hundreds of acres of the Soul sugarcane farm lays the soul of Brazil. Soul Premium Cachaça has been able to ensure only the best sugarcane is used. As the sugarcane grows, this Soul of the land is incorporated into the sweet infusions of the sugary and tasteful stalks of sugarcane. The spirit of Soul Premium Cachaça comes to life when this sugarcane is freshly crushed within hours of harvest. The sweet broth is then placed in fermentation casks and fermented using naturally occurring yeast. After fermentation, the spirit is then purified to produce a well balanced, smoother and more flavorful spirit, that you can only find in Soul Premium Cachaça. Soul Premium Cachaça is the Spirit of Brazil. Please drink in moderation.
